## Family Reunion

“Bridge to Our Past, Present, and Future”  
Our Legacy Continues

Hello Family!!

Time is really moving rapidly and before we know, it will be time for the celebration of our 2014 James Williams, Sr. & Creacy Stewart Reunion!! We hope you are excited about coming to Baton Rouge, Louisiana because we are certainly looking forward to getting our family together to celebrate our 10th Anniversary Celebration/20 Years of Existence Since 1993, and the Reunions before 1993. We have committees in place to handle every aspect of the weekend to make sure we have a great time!! We have included more reunion details and activities for our celebration, and we will need some information from you to help us throughout the planning process. We will request the information as we progress, and some information is in this packet to help us move forward. Remember, we are hoping that everyone will cooperate to send information, and do watch for **deadlines**. We can do our parts (committees), **but we certainly cannot do it without you!! We can plan three to ten years in advance, but once again, we cannot do it without you!!** We need your help and desires, to want to see your family members, attend your reunions, and learn more about our forefathers. The Black family bonded during slavery and years afterwards for a long time, let us not forget and teach our children our great values about family! The competition is difficult, temptation is high among young people, and distraction is far too great!! Let us bridge our past, look at the present and study it, and we can determine the future through Jesus Christ, who will lead and guide us.

## FAMILY REUNION 2014 INSTALLMENT PLAN

The Financial Committee and the Chairpersons of the Family Reunion 2014 made a decision to have an Installment Plan for our reunion next year. It will be helpful to all of us planning the reunion, and eliminate financial task at the last minute. Some of you will choose not to do the Installment Plan, and we respect your decision. We are only trying to help in today's 21<sup>st</sup> century economic situations. We feel that many will profit in the long run with these different plans. Early planning can make a difference in many ways!
